

Star Hill Summer Recreation Program

Steps to Respect!!

We believe EVERYONE should enjoy our camp equally.

We believe everyone should feel safe, secure, & accepted regardless of their gender, popularity, athletic ability, intelligence, nationality, or religion.

We believe NO ONE has the right to physically or emotionally harm someone including hitting, pushing, name calling, picking on, making fun of, laughing at, or excluding someone from a game or activity.

I PLEDGE TO:

- Value camper differences & treat others with respect (*the same way you want to be treated*).
- Do my part to create a safe, caring, respectful camp.
- Find ways to help others join & enjoy games & activities.
- Not accept poor behavior at our camp by not participating in it myself, speaking up if I see someone getting treated poorly, and reporting any issues to a counselor or adult.
- Be a good role model for other campers, especially the younger ones.
- Choose to say nothing at all if I don't have something nice to say.
- "Take 5" when I get frustrated by walking away from confrontation & calming down. I will NEVER retaliate.

I promise to be part of the solution...not part of the problem
