Summer Recreation Program Summer STARS

Every year at camp there are a few activities that seem to shine above the rest. This program allows our campers to spend more time with the sports they already love. The STARS program is designed to give your child(ren) the opportunity to have 9 hours during the camp week specifically dedicated to a single activity that they enjoy.

The program will run Monday–Wednesday from 9am-Noon, and will be available to campers ages 9 and above.

Each program will offer specific games and activities directly related to the chosen sport. These will not be drill-oriented specialty camps! The intention is to provide our campers with extra time to focus on an activity they will love, and build positive relationships through a common interest.

If successful, we are hoping to expand our STAR programs in future camps, possibly including Wiffle Ball, Hiking, Fishing, Arts & Crafts, and other fun summer activities.

Date: Week of July 23rd

Specialty: **SOCCER**

Additional Cost: \$35 per child

Activities: Year after year, soccer is the most requested sport at camp. This week's activities will include all the fun soccer activities they love without interruption. Campers will get the opportunity to play full sided games, participate in mini 3v3 tournaments, play Futsal on the basketball courts, challenge themselves with World Cup, Cross-bar challenge, Lightning, and more....

Campers will then go back into their camp groups for lunch, swimming, and other afternoon activities.
